

# National Rebuilding Day

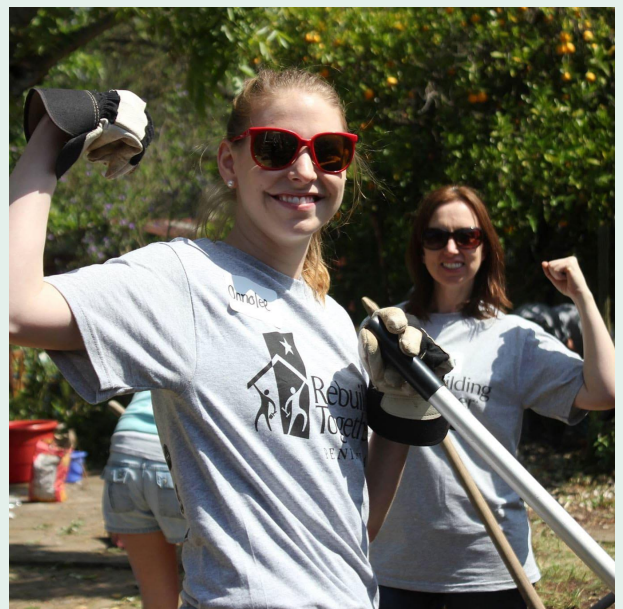

## Saturday, April 30th 2022

**Make a Difference!**  
**See a Difference!**  
**Be the Difference!**

**National Rebuilding Day  
returns in Spring 2022!**

**Become a [Re]Builder and  
join our mission to**

- **Repair Homes**
- **Revitalize Communities**
- **Rebuild Lives**

## Who is Rebuilding Together Peninsula?

Based in Redwood City, RTP provides year-round support through renovation and repair for the area's most vulnerable homeowners.

For more information, visit [rebuildingtogetherpeninsula.org](https://rebuildingtogetherpeninsula.org).

## What is National Rebuilding Day?

On the last Saturday of April every year, Rebuilding Together Peninsula works with civic, community, and corporate organizations to repair and rebuild homes in neighborhoods, from Daly City to Sunnyvale. For more information, visit [rebuildingtogetherpeninsula.org/national-rebuilding-day](https://rebuildingtogetherpeninsula.org/national-rebuilding-day).

## Why become a sponsor?

Be the difference! A sponsorship with National Rebuilding Day (NRD) provides an opportunity for a visible impact in the community, to connect with your neighbors in need, and to create lasting team-building experiences. For more information, visit [rebuildingtogetherpeninsula.org/sponsor-a-project](https://rebuildingtogetherpeninsula.org/sponsor-a-project).

## The Sponsor Experience

Sponsors furnish financial support for RTP's annual National Rebuilding Day projects. In addition, sponsorships can provide specific individual and team experiences, including:

### Construction Captain

Acting as a project manager for an assigned site, helping to plan and manage a safe project

### Volunteer Captain

Acting as partner to the Construction Captain, assisting with repairs and volunteer logistics

### Volunteer Team

Create a rewarding team bonding experience!

### Project Safety

RTP is committed to a safe project site for all participants. Each project is unique, but each will adhere to strict local safety protocols, including current COVID-19 guidance.
