

#### **MISSION**

Repairing homes, revitalizing communities, rebuilding lives.

#### VISION

Safe homes and communities for everyone. Providing safe homes and community facilities preserves the diverse fabric of our community, brings health, hope and dignity to our neighbors and enhances economic security for generations.

#### **PROGRAMS**

Since 1989, Rebuilding Together Peninsula (RTP) has provided free repairs for over 3,000 homes and community facilities throughout San Mateo County and Northern Santa Clara County. We are the leading agency to address the critical safety and health related repair needs for some of our most vulnerable neighbors on the Peninsula.

National Rebuilding Day (NRD) is RTP's annual signature event, held the last Saturday in April and in October. NRD is a volunteer-led tradition that transforms dozens of homes and community and nonprofit facilities each

Safe at Home provides critical repairs and modifications year-round. Our skilled technician, along with dedicated volunteers, offers simpler repairs – from minor plumbing and electrical work, to grab bar installation and other injury prevention measures.

## From The **Executive Director**

"We want to thank you and your organization for the work you do for senior citizens to allow us to live comfortably as well as safely. The services you provided were a great relief and much appreciated as we were unable to perform the repairs ourselves."

It's my great pleasure to provide Rebuilding Together Peninsula's 2021-22 Annual Report. As you'll see, with critical support from funders and volunteers, RTP continues to play an important role as the go-to agency for home repairs for our vulnerable neighbors on the Peninsula.

The 2021-22 fiscal year welcomed dozens of corporate sponsors and nearly 1,000 volunteers on National Rebuilding Day, an annual tradition that takes place on the last Saturday in April. Our yearround repair program also benefited from volunteers who assisted with minor home repairs. Equally exciting, we addressed critical safety repairs and upgrades for residents of a mobile home park and responded to serious roof repair needs on the coast. 100% of the homeowners served indicated they felt safer after our repairs were completed.

We also helped nonprofits, including day cares and schools that serve low-income children in cities from South San Francisco to East Palo Alto obtain muchneeded upgrades such as fence repair, landscaping, and painting-much of it with volunteer labor and materials.

Whether you sponsored National Rebuilding Day or our Safe at Home program, or applied your generous support to other initiatives, we are most grateful.

Together, we continue to fix what's broken and, in so doing, ensure safety for hundreds, preserve affordable home ownership on the Peninsula, and retain the diverse fabric of the communities and residents who, in most cases, have lived here for over a generation.

Thank you for your investment in them and in RTP. With gratitude,

Welin- Lile Melissa Lukin, Executive Director
